

“Ann’s Creative Corner”

Project #23: Farm Animals,

- Cut out various shapes of animals and farm type birds.
- Have the children add feathers, fur, string, eyes, ears etc to them with glue or a glue stick.
- Use felt pens and crayons.
- Try using some paint and some sponges for dabbing as you with notice in the photo below the dog has white spots from blotting paint.
- Try bingo dabbers. Maybe a few Stickers but drawing is more creative.
- Put many animals onto one page and draw details around them such as grass, trees and maybe a farm. Use shapes to build the Barn!
- If you can find some straw or hay, add this to the picture
- Take a walk and look for animals, birds etc.

Songs: Old McDonald, Baa, baa Black Sheep, Incy Weensy Spider and

Old McDonald Had a Farm is really fun and familiar for the children. Use stuffed animals or puppets as “props” for the song. Use plastic animals that the children play with. Use felt pieces shaped like animals. Make your own or buy a premade Felt Story.
