

“Ann’s Creative Corner”

Project #68: Barn!

- Cut out shapes to form a barn.
- Glue them onto a large poster board.
- Add details such as the sun, hay, trees and other scenery as you see fit.
- Some hay type straw could be glued on for the haystack. Or you could use some softer wool pieces, some strips of yellow paper could be used as well.
- Draw some chickens on the straw bed or maybe use some stickers for this.
- Add in the Wooden lines on the Barn.
- Draw some flowers, grass and other details in the ground area.
- Create the sky with clouds.
- We will continue this Mural tomorrow with more ideas!
- Stay Tuned!

Activity: Go for a country drive. Notice the barns with the fields. What are in the fields? Animals? Fruits? Vegetables? Notice the Corn Fields?

Song: “Old McDonald Had a Farm”

Use your Stuffed animals or plastic toy animals for the song as props.
