Project #73: Fall Leaves:

- Gather colorful Fall Leaves Outdoors on a Nature Walk.
- Press leaves in between heavy books or magazines overnight to flatten.
- Place colourful leaves onto some see-through sticky shelf paper. Cover with some see-through waxed paper.
- Make a colourful border around this using some various colours of construction paper or masking tape works well. These can be stapled on or you may use clear scotch tape for a nice finish. (this may be best for younger children and Toddlers as it is safer for them rather than staples.
- Variations may be adding some tree seeds, adding paper bits, tissue paper flower petals or other natural items you may think of.
- The borders can be coloured with felt pens with some detailing or just bursts of colour.

Activities: Jump into the leaves, swish leaves around with your feet, throw the leaves to make them fly! Enjoy nature!

Songs: Tune: "Are you Sleeping?"

See them falling, See them falling

To the ground, to the ground,

Red and yellow, green and brown,

Red and yellow, green and brown,

Green and brown, green and brown.
