

Ann's Creative Corner

Project #92: Door Hangers

(Adult supervised and for older children)

- Cut some felt rectangles as shown below.
- Cut out the top center area as slits large enough to over a doorknob.
- Cut various shapes of your choice out of additional felt pieces and colors.
- Using a **HOT GLUE GUN** (*not for young children*) attach the shapes that you created. Let dry briefly. It is very quick to dry. You may have to peel off the excess glue when dry.
- Add some liquid fabric paint to your creation.
- Add some liquid sparkles.
- Cotton is another idea.
- Place on your favorite door.

Activity: Christmas Carollers

Sing some Christmas Carols at the doors of your home.

Knock on your child's door and sing!
