

“Ann’s Creative Corner”

Project #60: Hats!

- What kind of Hat shape do you want to make?
- Cut out various hat shapes from construction paper.
- Decorate with trims such as pom, poms, cotton, wool, paper strips, glitter and more.....
- Glue hats onto another piece of paper.
- Creates a windy scene by using clouds and windy swirls.
- Create a party scene for the clown hats. Add the hat to a clown shape.
- Western hats could be with a Barn/Cowboy scene.
- Think of various ways to use the hats: rain, wind, snow, sun, police, fire ...
-

Felt Story: “When the hats blow” (place hats on board as colour comes up)

When I hear the winds blow, I look up in the sky,

Instead of birds and planes, I watch the hats fly by.

Each one different from the last, Every Colour, do I see,

Some are big and some are small, As they fly by me,

Here comes a blue hat flying by, Now a yellow hat in the sky,

Next a red hat is on it’s way, Then a brown hat flies this way.

Breen and black, orange and white, Even purple ----- What a sight!

I like it when there’s rain and snow, But I like it most when the hats all blow!
