

“Ann’s Creative Corner”

Project #61: Mobiles!

- Cut out various shapes of construction paper.
- Add some clear tape to hole punch area to create strength for the paper before you punch holes (using hole puncher)
- Punch the hole on top and maybe the bottom to add more mobile pieces.
- Decorate each shape the way you choose.
- Use Markers, crayons, chalk, sparkles, tissue paper etc.
- Have children help place the light weight string or ribbon through the holes.
- Attach to a straw, stick etc.
- Hang inside to enjoy. Place in window area.
- If you choose to use Cellophane paper, it can make a nice reflection.
- Tin foil will shine, Try using foil baking foil tart holders.

Activity: Walk and find “Wind Chimes”

Go for a walk and you may notice wind chimes on various houses. Go to a store such as a Nature Store or Hardware Store and observe or buy “Wind Chimes”

Dollar Stores too will have Wind Chimes or Mobile samples.
