

Ann's Creative Corner

Project #110 Valentines Flowers

- Cut some strips of paper about 3 cm wide and about 20 cm in length of various shades of pink, white, purple or any other colour you would like to choose.
- Fold the strips in loops as shown in the photo below. Glue them together with a glue stick. Add Sticky Sequins.
- When completely dry, glue these "Petals" together at the bottom so they form the Flower.
- Add a Pipe cleaner for the stem by pushing it through the middle, you may want to tape it in place.
- Add some sparkles by dabbing drops of white liquid glue and shaking sparkles on them.
- Add liquid dabs of sparkles is another idea.

Activity:

Create three Cardboard Hearts, red, white, and blue.

Decorate them as you like.

Chant and take turns:

Valentines, Valentines, Red, White and Blue

I'll find a "RED" one and give it to _____

Repeat for all Family or Friends that attend.
