

Ann's Creative Corner

Project #112: Chinese Dragons

- Find a Template or Photocopy of a Dragon.
- Add stickers, sparkles and colours to your Dragon.
- Try Bingo dabbers for adding the dotted effect.
- Add some sticker eyes or googly eyes.
- Add eye details for older children.
- Add some "Fire to the snout".
- Next attach two Popsicle sticks to the bottom of your dragon with tape.
- You may want to make the dragon stronger by placing it on a piece of construction paper first and cutting around the shape. Detailed cutting is not needed as it can be a general shape that the Dragon is placed on.
- Think of other ways to decorate your dragon. Maybe streamers for the tail or coloured tissue paper for the body. Crumpled tissue paper is a nice effect as well.

Activities:

Dragon Dance

Dragon Parade

Videos on Dragon Dances and Parades.

Have a Puppet show with your dragons!
