(project provided by Kid's Care Preschool)

### Project #137: Wheel Painting

- Using a plastic recycle dishes or containers, create some paint dishes of various colours.
- Next place some large sheets of white paper onto a tray.
- Gather some smaller cars such as Hot Wheels with various tire treads to dip the paint into.
- Let the children feel free to explore and roll their cars onto the paper creating "Tracks".
- Let the children do this as flexible as they want. There is no right or wrong way. The tracks may blend together, cross each other etc.
- When the paper is dry, you may want to add some small paper cars to it, draw cars on it or use some stickers for cars.
- Add details such as houses, buildings, trees if you like.
- Most of all Have fun with it!
