

Ann's Creative Corner

Project #163 Fathers Day Projects

- Create a Tie or Bow tie shape to fold over and create a card.
- Print or write your favorite words onto the inside of the card.
- Draw Daddy and you on the outside.
- Another idea is to create a Daddy and you picture with the saying below to copy or create your own saying.
- Use some stickers for Daddy!
- Make a No. 1 Dad Card is another idea.
- Think of other ways to celebrate with pictures, photos and magazine cut outs.
- Make your handprints or footprints onto some construction paper.
- Use Plaster of Paris to create a 3-D imprint of your hand.
- Play dough or modeling clay would also be used for a handprint.

Activity:

Spend Time with Daddy today reminiscing with old photos and your favourite activities to do with Daddy!
