

## Ann's Creative Corner

(USBorne Summer Activities Booklet)

### Project #173: Floating Fish

- Draw the outline of a fish body on construction paper.
- Cut out the shape.
- Draw or glue on an eye shape.
- Cut strips of paper and glue them on. Let them overlap the edge.
- Glue shapes on top of this. Trim off any pieces which overlap the edge.
- Cut some triangles of paper and glue them along the top of the body.
- Cut long strips of tissue paper. Glue them on as a tail.

### Song: Have you ever gone a Fishing?

Have you ever gone a fishing on a bright and Sunny Day,  
Have you ever seen the fishes swimming up and down the Bay,  
With their fins in the water and their tails splashing around,  
Have you ever seen the fishes swim in the big blue sea!
