Project #178: Lions!

- Cut a large orange Circle from construction paper
- Cut two ear shapes.
- Cut strips of orange and yellow paper for the fur/mane of the lion
- Glue all pieces together to form the lion's head.
- Add the facial details with felt markers or crayons.
- Think about other things you may want to add such as some string for fur or felt pieces for fur and texture.
- If adding cloth or felt, it is best to use non-toxic liquid white glue and it will stick better.

Song/Chant: Going on a Lion Hunt!

Song: The Lion Sleeps tonight (by the Tokens)

Going on a lion hunt, going on a lion hunt. (tapping knees)

But I'm not afraid, but I'm not afraid

Oh look, I see some grass, Can't go over it, can't go under it.

So lets go through it (swish, swish, swish swish with motions)

Going on a lion hunt, going on a lion hunt (tapping knees_

But I'm not afraid, but I'm not afraid,

Oh look, I see a stream, Can't go over it, can't go under it.

So lets swim through it. (swim, swim with actions)

Going on a Lion Hunt with various things like a tree, rocks, bush, and finally a Lion's Den!

Oh look! I see a Lion. Oh no! run back though all of the actions you did and home! Safe!
