### Project #215: Witches

- Cut out various shapes from construction or other coloured paper.
- Use your shapes to create a witch or witches by gluing the pieces onto your paper.
- Add details to your witches using felt markers, crayons, chalk, or other drawing materials.
- Add some texture to your portraits such as wool or string for hair.
- Try some sparkles.
- Stickers could be added as well but try to make as many details to your art picture before using the stickers. Children will become more creative without prepaid commercial stickers.
- Try drawing a broom for your witch.
- Does she like spiders, bats, or other creatures.....

### Song/Chant: (add various verses as you see fit)
