Project #217 Bats!

- Create a bat shape.
- Trace onto some black construction paper.
- Make large and small bats.
- Create a scene on another Dark Blue piece of construction paper.
- Glue on your bats.
- Add details to the bats using felt markers.
- Add some eyes (make them big with white eyes to show up in the dark) Sticker or Googly eyes work for this as well
- Add other details to your picture such as the moon and trees with bare branches. Think about some wispy lines for the night sky to form a spooky cloud idea.
- Sparkles could also be added to highlight the sky as a night scene.
- Add some stars. Sticker stars or just gold sparkles will be nice.

Book: Five Little Bats (finger play as well)

Children can do the actions!
