Project #229: Community Bakers

- Cut out shapes to create your "Baker" as shown in the photo below.
- Using a glue stick place all parts together,
- Draw in some details.
- Use some googly or sticker eyes if you like.
- Try some textured items like cotton, string, wool or felt or other fabrics for the clothing. Non-Toxic liquid white glue will be needed to adhere the fabric. A glue stick works for cotton balls, string or wool.
- Use a Qtip dipped in paint?
- Place your baker onto a sheet of construction paper.
- Add some other details like maybe pots, pans, tables or other things you may think of.
