

## Ann's Creative Corner

### Project #237: Ornaments

- Cut out various shapes of ornaments out of some cardboard or poster board. Use various colours if using the poster board.
- Punch a hole in the top of your shape with a hole puncher.
- Have children help with sliding a slim ribbon or string through this and tie the top into a knot.
- Next, children can be free to decorate these ornaments with sparkles, felt markers, crayons, stickers .....
- Try using some paint with thin QTips.
- Add some cotton to make them look snowy.
- These paper ornaments can be hung on door knobs, walls, cabinets etc.

### **Book: "Mouses first Christmas"**

#### **Activity:**

Go browse the Mall to view the decorated trees. Get some ornament ideas from there!
