Project #261: Vehicles and Landscape

- Make some vehicle shapes such as buses, construction trucks, garbage trucks, or any other vehicle that may need the driver to use tools and gadgets.
- Add the vehicle to your paper.
- Add details to your vehicle.
- Add some scenery
- Add some stickers of tool and gadget shapes to the vehicle or on the paper anywhere the child chooses.
- Be creative and let the child do what they like. It is their creation and done as they see it.
- Toddlers may put things on and rip them off.
- It is the process, not the product in many cases.
