Project #313: Sunshine Art!

- Cut out various sizes of circles from yellow or orange construction paper.!
- Use the scraps to cut out long thin rays for your sun shine art.
- Glue the circle onto another piece of paper.
- Glue the strips of paper on to create the "Rays of Sunshine"
- Add a face or other designs to your sun shine using crayons or felt markers.
- Add some sparkles to this with a brush and liquid sparkles or you could use a glue stick and sprinkle sparkles onto the sun.
- Add other details to your picture such as clouds or maybe a rainbow and rain as sun and rain make a rainbow!
- This project can also be done with glueing it onto paper.
- Try making a variety of sizes and hanging them on a stick for a sunshine mobile.

Songs:

"You are my Sunshine"

"Mr Sun, Mr Golden Sun"

Read books on the sunshine. Talk about Sun Safety with Sunscreen and keeping cool too!
