Project #353: Spooky Houses and Witches!

- Create some Halloween shapes such as houses, bats, pumpkins, the moon, stars, witches or other Halloween ideas.
- On a black piece of construction paper, glue them on with a simple glue stick.
- Add some details as you like with a felt marker or sometimes chalk is nice for this project. White and yellow chalk work nicely.
- Add some sparkles.....
- Add some sticker stars!
- Make a witch with small shapes.
- Add some stickers with children and costumes trick or treating.
- Make a large witches shaped hat and add some details with scraps of paper, chalk, sticker, sparkles etc

Song: "Witches Flying"

One little, two little, three little witches (use fingers)

Flying over Haying Stacks, Flying over Ditches, (hand motions)

Sliding down moonbeams without any hitches, (sliding motions)

Hey Ho, Halloween is here!
