Project #354: Hats!

- Create various hat shapes. This project is about a toque style hat but other shapes could also be used.
- Colour your hat shape with crayons or felt markers.
- Add some wool, string or fabric pieces with some white liquid glue.
- Add a cotton ball to the top of the hat for a pom pom if you like.
- Add some scrapes of various paper shapes or tissue paper.
- Sparkles would be nice on this project!
- A strip of paper along the bottom would look like the band of the hat.
- Cotton placed onto the band of the hat would look nice as well
- Think of other ideas for your hat.

Activity:

Go for a walk on a windy day. Maybe you will need to hold onto your hat.

Felt Story:Hats

Make some hats out of felt pieces of various colours.

Story:

- When I go for a walk I see hats flying by
- I see a Yellow hat fly by. (children name the colours....)
- I see a Blue Hat fly by.
- Continue with various hats and colours.....

Continue with various hats and colours. (What type of hat is it..)
