Project #392: 3D Houses!

(project by Kids Care Preschool)

- Fold a piece of construction paper to form a 3D House shapes (these can vary depending on the style you create.....)
- Make the doorway.
- Make the shingles on the roof.
- Children can then draw their family in the home.
- The children may also like to include friends and pets.
- They may also include furniture and windows etc.
- Add a little glitter for some windows or lights!

Activity:

Go for a community walk.

Read books about family "My Family"
