Project #387: 3D Valentines Bouquet!

(Project by Kids Care Preschool)

- Create a long green stem.
- Glue stem onto a white piece of paper.
- Add some leaf shapes.
- Write on the leaf which could be for MOM, DAD or anyone else they would like to give the bouquet to.
- Cut out some small hearts on the fold of paper.
- Attach the folded hearts to the top of the stem to create your 3D flower top.
- Add some writing on the stem.
- Add some Colours to your flowers.
- Add some sparkles if you like.
- What else can you think of to add.....
- Spray it with some perfume maybe.....
- When the flower is complete, add your name to the back of the paper with To: _____ From: _____ Love: _____
- Create a wrap look by curving the bottom part of the paper and tape together.

Poem: Roses are Red.

Roses are red,
Violets are blue,
This bouquet is for you!
Because, I Love You!
