Project #391: Friendship Drawings!

(project by Kids Care Preschool)

- Provide children with Friendship photos from family, magazines, calendars etc.
- On a plain piece of paper, encourage children to draw family members and friends.
- All children are at various stages in their drawings so it is completely an individual idea as they draw. Encouragement with positive comments will be great!
- The children may or may not want to talk about their drawings and that is fine too!
- Drawings may include the home, the house, pets and other community people.
- Use Felt markers, pencils, pencil crayons or crayons.
- For younger children and toddlers the "Fat" crayons are easy for them to use. Wide tipped felt markers are also easy to use for younger toddlers as it is easier to "Grip" them.

Activity: Plan a friendship walk. Share some ideas and positive things you may like to do on your walk. Friendship Picnic....
