### Project #407: Cool Sunshine!

- Create a sunshine shape from either a plain circle or one with some sun rays already attached.
- If using a circle, cut long strips of yellow and orange from coloured paper.
- Glue the sun rays onto your sunshine!
- Create a Sunglasses shape.
- Glue the sunglasses on for your "Cool Looking" Sunshine!
- Next think of other things you may like to add such as sparkles, shiny paper bits.
- You may also like to draw a face on your sunshine.
- Keep it simple for the younger children and toddlers as this is their creation! They may do a little or alot.
- Children may also take pieces off and on the project.
- Remember it the "Process not the Product".

### Songs:
