

## Ann's Creative Corner

### Project #428: Hats or Pots!

(by South Vancouver Family Place)

- Create a hat shape as shown.
- Use some sponges, stamps or paint brushes to decorate.
- Try adding a "Brim" to your hat which could be a piece of paper or cloth/felt. If you use cloth, you will need some liquid white glue to make it stick
- Add a ribbon?
- If you turn this project upside down you will see a flower pot shape.
- Add a paper handle
- Add some paper flowers.
- Decorate the shaped pot anyway you like.
- Maybe add some texture to it such as sand or coloured sand
- Try making a mobile out of smaller hats or pots.....

### Felt Story: Hats (create this from felt or paper)

As the wind blew (make a blowing sound)

I saw hats fly by.

First there was a yellow one, then blue, red etc.(children name colours)

Try various shapes of hat to reflect rain, sun, construction workers, firemen etc...
