

Ann's Creative Corner

Project #441: Cart, Stroller, Wagon, Trike Decorate!

- Gather a variety of ribbons, flowers, paper ties etc.
- Decorate your bike, stroller, wagon, little toys and your strollers too!
- Tie, tape, hang and make some bows!
- Add some streamers too.
- If you have some pom poms, add these too.
- Within the wheel part, adults may help the children weave some paper streamers to this. (for safety, the paper will rip rather than get caught in a wheel)
- Try adding some bells to the handlebars of your creation.
- If your tike or bicycle has a basket, decorate the basket.
- If you have a stroller to decorate, be sure to avoid the baby's sitting area.
- Strollers would look great with some lightweight non toxic safe items attached to the handlebars or the tray in the front of the stroller.
- Make some signs for your decorating and attach them to your item!

Activity: Do a bike, stroller, wagon parade!

Gather friends and family together to do this activity and then do a parade with some music! Have a picnic after!
