

## Ann's Creative Corner

### Project #443: Father's Day Cards!

(by South Vancouver Family Place)

- Fold a piece of construction paper in half crosswise to make a card that opens.
- Clip and fold back the top front of the card to form a shirt collar.
- Children can add details to the shirt as they like.
- Try drawing buttons, zippers, pockets, designs, colours on your Father's Day shirt.
- If you prefer to make a Tshirt shape. Cut the top front of your card in a U or half circle and continue to create a Tshirt look.
- Try some stickers if you like for some details like a pattern on your creation.
- Cut some colourful patterned paper pieces to glue onto your card or shirt or Tshirt!
- On the inside, place some hearts, a verse and To and From or Love From.

### Song/Chant:(Tune "Are You Sleeping")

I Love Daddy, I Love Daddy,  
Yes I do, Yes I do,  
And my Daddy Loves me, And my Daddy Loves Me  
Loves me too, Loves me too.
