Project #451: Rocket Ships!

- Create a rocket shaped piece from construction paper.
- Cut out shapes for doors and windows.
- Cut some strips of yellow paper for the tail of your rocket ships as this is the "Fire" or "Power" of your rocket ship.
- Children can glue all the pieces down onto another piece of construction paper. Dark blue or black are good for this night scene!
- Children may also like to draw in details on their rocket ship.
- Try adding some shiny paper to this project.
- Try some sparkles
- Add some planets to the sky!

Song: Zoom, Zoom (do actions to this song and if toddlers, babies or small children like this, you may like to pick them up and lift them up on Blast Off time)

Zoom, zoom, zoom we're going to the moon.

Zoom. zoom, zoom, we're going to the moon.

If you want to take a trip, climb aboard my rocket ship.

Zoom, zoom, zoom, we're going to the moon

In 5, 4, 3, 2, 1 Blast off!

Try FUN FUN FUN we're going to the Sun

Try FAR FAR FAR we're going to the Stars.
