Project #454: Sun and Rain!

- Let's create a picture with the sun and the rain.
- First we can have some rainy day clouds and rain drops. You can form all of these with some white or grey construction paper. Also drawing on your raindrops would be nice.
- Next add the Sunshine with Sun Rays. Cut a circle of yellow paper for the Sun. Add some yellow strips of paper for the sun rays.
- In the middle blend them together and create your Rainbow!
- Use various colours for your rainbow.
- Add some sparkles to your creation!

Activity: Go for a walk on a day where it was raining and a little sunshine peeking out. You may see a rainbow.

Song/Chant "Rain is Falling Down" (use hands as actions with the rain fingers and cover/uncover eyes when peeking) With babies, do this with them if they are comfortable with peeking!

Rain is Falling Down. Splash! Rain is Falling Down. Splash!

Sun is Peeking out. Peek! Sun is Peeking out. Peek!

Peeking Here, peeking there!

Sun is peeking out. Peek!
