

Ann's Creative Corner

Project #472: Halloween Ghosts!

- Create a ghost shape/s. These can be big or small.
- Add some details like the eyes and the oval mouth.
- Paint this with some liquid glitter glue.
- Add some soft cotton if you like.
- Make some 3D ghosts with a coffee filter and cotton.
- Place a cotton ball in the centre of the paper.
- Fold it in by picking the centre where the cotton ball is placed.
- Place some tape or string around the "neck" or the ghost.
- Use felt markers to create the face of your ghost.
- Add a string to hang your ghost up.
- Make a mobile of various ghosts.

Song/Chant: Five Little Ghosts! (could be a felt story too)

Five little ghosts flying in the air. One said BOO and then there were 4!
Four little ghosts flying in the air. One flew high and then there were 3!
Three little ghosts sitting oh so still. One flew low and then there were 2!
Two little ghosts waiting by the fence. One slid down, then there was 1!
One little ghost sitting all alone. Called for friends and then there were 5!
