Project #476: Witches Hats!

- Create a witches pointed hat shape.
- Add drawings, stickers, sparkles.
- Try adding a strip of paper for the band of the hat.
- Add some texture to the hat with tissue paper.
- Try making a 3D hat by making two larger forms that will fit child's head when taped or stapled together.
- Another idea would be to place the hat shape on a Wide Headband made out of construction paper or stronger paper like poster board.

Song/chant: 3 Little Witches:
