Project #494: 3D Christmas Trees!

- Cut out two flat Tree shapes as shown below.
- Fold in half.
- Try various colours for your tree shapes and various tree shapes as well.
- With a glue stick glue one of each folded section of each tree together. This will form 3 sides for you tree.
- Decorate as you like.
- Use small bingo dabbers, Qtips, Felt markers, crayons, sparkles, small stickers.
- Small pieces of cotton would be a nice addition as well.
- If you like these could have a string attached to the top for hanging on a doorknob or a decoration for a Christmas Scene.....

Song: "Oh Christmas Tree"
