

## Ann's Creative Corner

### Project #495: Gingerbread People!

- Cut out a people shape from some construction paper.
- Provide the children with various drawing materials to fill in some details for their "Gingerbread Person".
- You may like to add some circular shapes, some clothing shapes or other various shapes to add to your Gingerbread Person.
- Use some sprinkles of lightweight "Sand" to create a Texture to your project.
- Add a string or ribbon to top after placing a small piece of tape at the top and then punching a hole with a hole puncher.
- Make some smaller ones and hang them as a mobile.

**Activity:** Gingerbread Cookies or Gingerbread House.

Buy or make your cookies. Store bought kits for making the house are available in this Christmas season.
