

## Ann's Creative Corner

### Project #521: Rainy Day Art!

- Cut out Cloud shapes.
- Cut out Rain Drops.
- Umbrella shapes can be cut out with the handles attached or separate.
- Create a collage with your clouds and raindrops.
- Add some small umbrellas if you like.
- Make some larger umbrellas separately.
- Decorate your large umbrellas any way you like using, felt markers, crayons, stickers, sparkles etc.....
- Try making a mobile of umbrellas and hang them up!
- Place some umbrella creations onto your windows. These would be nice by using some see through waxed paper with decorations for your umbrellas shaped waxed paper.
- Try using wallpaper as these make a pretty or colourful umbrellas shape and Wallpaper is quite strong so will not tear as easily. This would look nice on a window, fridge or mirror.

**Activity:** Walking in the Rain with your real umbrella. Dress for it as fresh air and a walk is needed for everyone at least once a day! River Walking is always refreshing and invigorating!
