

## Ann's Creative Corner

### Project #541: Pastry Bugs and Insects!

- Make a clean pastry dough together with your children
- Mix it, blend it and knead it.
- Roll it flat.
- With a butter knife (not sharp) cut this into long or short strips or various shapes for your "Bug" or "Insect"
- Bake the Dough until it is done.
- Let it cool.
- Add some cheese to this by spreading it on.
- If there are no Allergies, spread peanut butter.
- Add some raisins for the eyes.
- Add some strips of other vegetables for the legs.
- Think of other additions to this project!
- Keep it Clean and Safe for eating for a snack!

**Activity:** Purchase the items you may like for this project with your children. A Brief shopping walk and purchase will be a nice outing as well!
