Project #642: Christmas and Holiday Cards!

- Fold Construction paper in half.
- Provide children with various shapes such as stockings, stars, Santa's, sparkles, stickers etc.
- Children may use a glue stick, or liquid sparkle to glue on Festive shapes such as stars, or various festive shapes.
- Try using some stickers, for the younger Toddler.
- Paint with a QTip.
- When you are done with the Front part of the card, open it and start decorating or writing in the card.
- Children can give the card to any friend, family member, teacher etc.
- Some special premade inserts of typing could be used for this as well.
- Some children may like to sign their name and write to To and From information.

Activity: Christmas and Holiday Box!

Provide a special Mail Box for the children and adults to place their cards in. On your special day, give the cards out to your friends, family, teacher, dentist, doctor or whoever the card is for. Try Mailing them in the postal box! Teach children about addresses, names and stamps!
