

## **Ann's Creative Corner**

### **Project #715: Canada Day Print Flags!**

- Print a premade flag copy onto a plain piece of white paper.
- This flag can be glued onto another piece of Red or White construction paper.
- Add a stick such as a popsicle stick by taping it onto the back of the flag.
- A straw or other sticks may be attached as well. If you choose a natural stick such as a tree branch it would be great too!
- After your flag is ready, you may like to draw something on it or write on it. Happy Canada Day would be nice to have on your flag!
- Try some stickers on your flag.
- Add glitter with liquid sparkles or shaker sparkles.
- Add some red tissue paper for a 3D look!

#### **Activity:**

Go on a Flag Hunt and search for Canada Day Celebration Flags. While you are searching you may find some natural tree branches to use for your flag post/stick as well!
