Project #734: River Boats!

- Cut some shapes to design your own boat.
- Glue the various shapes onto a piece of cardboard, poster board or construction paper.
- If you use a poster board, this would be a nice group project.
- Glue many boat shapes onto the poster board.
- Add details to create the look of the water and waves.
- Add some fish in water.
- Add some ducks on top of the water.
- If you like, you may want to add a "Sky" to half of the mural.
- Add birds to the sky. They can be as simple as the letter "m" which can be a simple bird. Sticker birds are also possible for this project or drawing your own bird would be great!
- Add some texture with some scrunched tissue paper.
- Add some natural sand that you may find on the beach.
- Add some seaweed...

Activity: Walking by the Water!

Go for a walk beside the river/s and see the types of boats that may be on the water. Go to a mooring area. Go to the dock to see the boats. There are many shipyards and docks to view.
