

Ann's Creative Corner

Project #740: School and Community!

- Provide children with a variety of shapes from some colourful paper.
- They may use these to start their collage.
- Create some houses with the shapes.
- Create a School House with the shapes.
- Add some details such as the windows and doors.
- Stickers may be used to place a person in the windows for example. Older children may be able to draw a face in the windows.
- Around the School House, you may like to add the school yard and details such as trees and flowers.
- Add some outdoor equipment such as balls, fields, baseball etc.
- Draw paths and roadways.
- Draw some details for the sky such as the clouds, sun, rain, birds, airplanes etc.
- Create houses by folding paper as a 3D project. Draw people in it

Activity: Walk in your Community

Visit some local School Playgrounds.

Visit your Preschool.

Notice the Stores and parks in the area.

Talk about safety in playgrounds and awareness of others as well as strangers (be aware that children need to learn about stranger safety)
