

## Ann's Creative Corner

### Project #794: Chinese Dragon Puppets!

- Provide the printed shape of a dragon of your choice.
- Glue this onto red construction paper.
- Children may draw or colour the way they like to fill in the details of their puppet shape.
- Add stickers and sparkles if you like
- Cut around the dragon shape when colouring and decorating is done.
- Tape two popsicle sticks to the bottom of the dragon. This will be the sticks to move your dragon for actions.
- This may be done on larger poster board as well with a larger print of a dragon shape.
- You may also like to add shiny streamers to your dragon.
- 

#### Activity: Puppet Show!

Create a puppet show as a group or individual. Can your dragon Dance and Roar?
