Project #806:Hats, Boots and Rain Gear!

- Provide children with collage pictures of hats and rain gear from magazines, catalogues and calendars.
- Children may glue these onto a piece of construction paper or a poster board as a group project.
- This also could have people drawn into the collage, perhaps wearing hats or rain gear.
- Try making a collage of rain hats!
- Try providing a shape of a rain hat that is larger.
- The children may add details to this larger hat shape as they like.
- Use some Rain type fabric or shiny paper to make your hats feel plastic and rain resistant.
- Make rain boot shapes of various colours and sizes.
- Children can add details as they like, such as colouring in the boot soles and heels.
- They could also colour the boot shape and add various paper pieces. Shiny rubberized paper would be good for this.

Activity: Splashing in the Rain!

Song "Singing in the Rain" (words are online)

Dress for the rain and go out walking in it and splashing in puddles!
Have Fun! Sing the song!
