Project #809: St Partick's Day Hats!

- Cut out the shape of a green hat such as the shape below.
- Children may attach a strip of black paper to the middle just above the "Rim" of the hat. Add a buckle shape.
- Add some shamrock shapes of stickers to the main part of the hat.
- Attach a band to the hat with some construction paper strips.
- Measure the hat shape with the band to the child's head.
- Tape or staple the band according to the circumference of the child's head.
- Wear them if the children like.
- Try making these out of felt pieces.
- If you choose to use felt pieces, you may like to supply non toxic liquid white glue to adhere items to the hat shape.
- You may like to add some plastic coins or shamrock shapes to the body of the hat.

Activity: St Patrick's Day Party!

Make some green cookies, cakes, cupcakes and some healthy green vegetables. Supply some green smoothies which could be made using spinach and a juice of your choice.

Have Irish Music playing for the party or snack!
