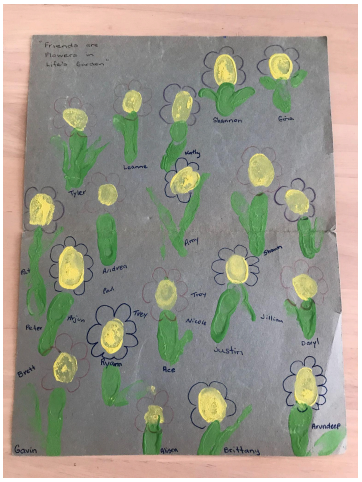
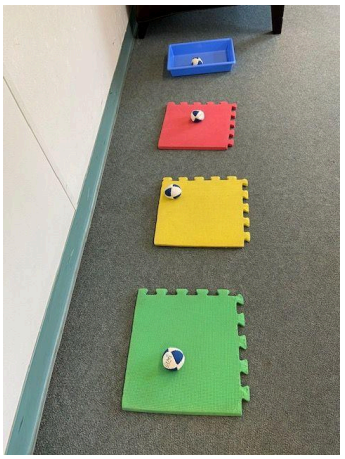
Ann's Creative Corner
Project #824: Finger Print Flowers!

(Kid's Care Preschool)

- Provide some plastic trays with various nontoxic paint colours spread over some paper towels so as not too thick.
- Children may use their fingers to dip into the paint base.
- Make finger prints all over your construction paper.
- Let this dry.
- Add some details with some thin Felt Markers.
- The details may be leaves, stems or other details such as the ground, garden, sky etc.
- Sprinkle your creation with some sparkles if you like.
- Try using some perfume or powder to add a scent to your creation.
- Make a group collage of finger print flowers with your friends and family members.
- Bingo dabbers may also be used for the base of the flower. Let dry and add details.

Activity: Flower Walk with Music!




With music and some shapes (sponge puzzle mats are good for this) on the floor, walk with the music playing. When the music stops, what shape and colour are you standing on? Match it to the colour of some flowers you may have available.
