Ann's Creative Corner
Project #855: Thanksgiving Art Ideas!

- Provide a basic Turkey shape.
- You may add "Feathers" to the Turkey Shape/s by gluing them onto your Turkey.
- Use some small scraps of orange or red paper to form shapes for the beak, and feet if you like.
- Children may also colour in the beak and feet.
- Children may also like to draw lines or feathers onto the Turkey Shape.
- Making Thanksgiving Cards is another idea. Place a Turkey shape into a card or on the outside of the card.
- Turkey puppets on a popsicle stick are another idea.
- Hand Prints also make nice "Feathers" for your Turkey Project.
